A BLOOD BUILDER FOR TIRED WOMEN

Pepto-Mangan Makes Red Blood—Sold in Liquid or Tablet Form.

When a woman overworks, either mentally or physically there is a strain on the vitality. Getting up in the morning she feels low in spirits. Her eyes are dull, her complexion is sallow or pasty.

A few bottles of Gude's Pepto-Mangan taken in regular doses is what will build up her blood.

The reason for this is known. It is simply that Gude's Pepto-Mangan makes blood rich and red. It has the things in it that makes new blood and drive out the poisons in the system. New blood makes new vigor and gradually the degenerated feelings vanish, the natural healthy glow comes back to the skin and there is pleasure in living.

Gude's Pepto-Mangan is sold at drug stores in liquid or tablet form. The full name, "Gude's Pepto-Mangan," is on each package. — Advertisement.

TACKETT STORE ON KINNEY IS ROBBED FOR THE THIRD TIME

Aged Woman Operating Store on Kinney, Well Known to Local Fishermen, Is Robbed of Much of Her Stock.

Saturday night, some time after 9 o'clock, the general store of Mrs. L. C. Tackett, on Kinney, was broken into by persons prying the front door off its hinges with a hickory pole.

The robbers, (as it is generally supposed there were more than one), according to the amount of goods stolen) after effecting an entrance, proceeded to possess themselves of merchandise valued at more than \$100.

A trunk belonging to Harry Riley was also broken open and the contents scattered about over the floor, but nothing was missing from it.

As soon as the robbery was discovered, the alarm was given. A bloodhound was secured from New Boston, Ohio, and put on the trail of the robbers. Sheriff-elect Frank Lykins and Geo. Lykins, magistrate in District No. 2, accompanied by the owner of the bloodhound and a large crowd from Vanceburg, Petersburg and the surrounding district, which proceeded up the road in the direction of Petersburg.

After the bloodhound had followed the trail for a distance of about eight miles, the trail was lost in the vicinity of Mr. Fred Rouse's barn, where it is supposed the robbers got aboard a wagon or some vehicle.

Mrs. Tackett, who is 67 years old, has had the misfortune of having her store robbed three times since last March.—Lewis County Leader.

CONGRESSMAN ENDORSES LEGION'S EDUCATIONAL EFFORTS

Kentucky Lawmaker Places his Stamp of Approval Upon Movement of American Legion for Education Week Celebration.

Washington, D. C., Nov. 25. — "The splendid effort for public service being undertaken by the American Legion in cooperation with the National Education Association in promoting an American Education Week, December 4-10, is worthy of nation-wide support," said Representative James M. Robison, member, committee on Education in the House, in discussing the plans for education week with newspaper men at the Capitol.

"When the Legion was first formed in France many of us wondered just what sort of an organization it would become—but few of us, I am sure, ever visualized it as the active promoter of civic and national welfare that it has become."

The American Legion is well aware of the need for a great National interest in education for the fact, that a very large number of the young men examined for the army were found unfit and rejected for duty because of physical or mental deficiency, is still fresh in our memories.

Physical education will receive considerable attention during Education Week. Speakers favoring physical education will talk in various parts of the country stressing the importance of physical education and urging local, state and national cooperation to make it most effective.

"In my opinion," said the Congressman, "physical education means giving the children of today a fair and equal opportunity to become healthy, vigorous, right-thinking citizens. It will build the foundation for that brand of Americanism which is fostered by the legion and that it will repay us many times over its self-evident."
